District 204 is adjusting the starting time for students every Wednesday morning for the 2009-2010 school year. The start of the school day will be adjusted by 10 minutes each Wednesday morning. **Every Wednesday of this year, the school day will begin at 9:15 am.** This block of time is set aside for teachers to collaboratively work on improving student learning. We believe this change will benefit our students by providing our staff with school-wide professional development opportunities.

The school is assisting elementary parents who might not have flexibility in their Wednesday morning schedules by providing supervision in the gym. During this 10 minute period, students will work quietly on school work or read a book.

On PD Wednesdays busses will pick up bus riders 10 minutes later and all children will be able to enter the building at 9:00 am.
