Dear Young Parents,

The Young Chorus and Drums program had their first program for the year. Students had a wonderful performance under the leadership of Mr. Pape.

**Math Homework Helpers for Parents:** Parents, if you are looking for ways to help your child with math homework, please find below a website link that parents can click through by grade level to find instructional math videos for specific math topics and learning targets. **Hour of Code:** This week Young students participated in Hour of Code. Students had a great time learning how to use coding to create animations or make a game. If you are interested in doing coding activities with your students, here are a few student oriented websites that students can use to practice coding techniques.

**Winter weather Reminder:** Please remember to dress your children appropriately for the weather with an appropriate weight coat, hat, and gloves. Students go outside for recess everyday for 15 minutes unless the temperature is below 10 degrees Fahrenheit (including the wind chill).

In addition, please note that students who plan on playing in the grass/field and playground do need snowpants and boots. Students without snowpants and boots must stay on the blacktop area.

Have a good weekend.

Ms. Morgan

### **Third-Party Educational Programs**

The following companies have rented space in our schools to offer an after-school educational program for students.
